Dutch Demography Day 2019

The Netherlands Demographic Society (NVD), in collaboration with the Italian Association for Population Studies (AISP), invites you to join the 12th edition of the Dutch Demography Day.

At this conference the most recent findings in the field of population studies will be presented, including family and fertility, migrants and migration, health, mortality and longevity, population ageing, population growth and decline, and urbanization.

DDD 2019 convenes in the Academy Building of Utrecht University on Domplein, Utrecht.

Call for Abstracts/Proposals

Abstracts from a wide variety of disciplines including sociology, economy, health, history and planning are invited. Abstracts (300 words) can be submitted until **Friday 20 September 2019** at www.nvdemografie.nl.

At **DDD 2019** other formats than sessions, such as workshops, panel discussions and the like are invited. Write us (demografiedag@gmail.com) if you have a proposal (300 words) for a 75-minute time slot.

Authors will be informed early October whether their abstract has been accepted for presentation in one of the parallel sessions or in the poster session. Authors who wish to only present and pitch a poster can indicate this preference when submitting their abstract.
